Promotion
Main Street has between 25 and 30 entrants for the 2016 Light Up The Night Christmas Parade on Saturday December 10. The Arts and Crafts Bazaar is hosting around 30 vendors this year. Both entrants and vendors in the parade are up from previous years. We are forecast great weather for the event. The Clothing Depot, Maggie Lane and Heaven's Gate Bookstore have all contributed to the prize fund.

The Polar Express Christmas Movie projector, screen and sound will be provided by Putnam County High School Entertainment Technology Department. The outdoor heaters will be provided by Lake Oconee Rental. Evergreen Propane will be donating the fuel to heat them.

Main Street is seeking to promote a Fire and Ice Festival on Saturday, February 11, 2017 in the City Center Parking Lot with Council’s permission. The Fire performers have an inside alternative and will have an educational aspect to their work for children, which will not involve fire.

Main Street is proposing two Friday Night Concerts on the 1st and 3rd Saturday in May in the City Center Parking Lot. Main Street will be providing Council with a 2017 Main Street Events calendar for approval at the December 19 City Council Meeting.

Design
The Planters now have their Christmas decorations. Putnam County High School students will be helping with the Store Windows motifs for the Holiday Season.

The Residential/Commercial Community Christmas Decorating Contest will be judged on December 12.

Councilwoman Stokes asked Council members to stay in prayer for our community because we are losing a lot of people in accidents and in death.

Councilwoman Stokes advised reporting a water leak near 504 West Walnut Street to the Eatonton-Putnam Water Authority back in July or August. The leak has not been fixed.

Council members and Mr. Kojack Waller discussed and reported the following water leaks:
- Oconee at Springs Street near Linch’s Garage
- Spring Street near Thompkins’ Apartments
- East Street between Alice Walker Drive and Dickey Drive

Main Street Report for City Council End of Year 2016

Organization

The Chair of Main Street Lisa Jackson and the City Administrator Gary Sanders have spoken to the Main Street Board about their responsibilities as board members regarding their attendance at the mandatory Main Street 101 training.

The next mandatory Main Street 101 training is set for Tuesday February 28. The Main Street Board members that do not attend this training are aware that they will be asked to resign, rather than put Eatonton Main Street into a probationary status.

Promotion

The crowd for The Polar Express was around 22 people. Eatonton Main Street will be moving the movies inside to the Eatonton Cotton Warehouse due to weather and lighting issues starting in 2017.

The Arts and Craft Bazaar had more vendors than last year with over 30 taking part. All vendors said they were pleased with the response though wished the weather had been warmer. Many people complimented the variety of food vendors and Turkey Legs appeared to be the most favored item.

The Light Up The Night Christmas Parade finished with 31 entrants. The Parade was said by many to be the best ever in Eatonton. The feedback I and others have received has been nothing but positive.

However, one of the entrants stated that a child ran right in front of his vehicle to get candy and he narrowly missed running the child over. The throwing of Candy is currently not allowed under the entry form, but it would appear that further action needs to be taken to prevent a tragedy from occurring.

Mainstreet is seeking to promote a Fire and Ice Festival on Saturday February 11 2017, at the Community Event Stage and Activity Center. Mainstreet is also seeking to partner with the Eatonton Cotton Warehouse. The Ice Sculpting will take place in the Cotton Warehouse. The Fire performers have an inside alternative and will have an educational aspect to their work for children, which will not involve fire.

Main Street has adopted a 2017 Events Calendar which is attached.

Design

The Residential and Commercial Christmas Decorating Contest was a great success.
The City of Eatonton did have a number of houses that had great decorations but did not enter.

Economic Vitality

Lake Country Physical Therapy has moved their grand opening to January.
Woodmen Life has moved their grand opening to January.
The Eatonton Cotton Warehouse is planning a ribbon cutting in January.

Summary

Everyone I have spoken to have been very impressed with the changes that have been made regarding beautification, the increased businesses that are downtown and the variety of events that Eatonton Main Street is putting on. I can only thank the business owners and landlords that have the vision to invest and our sponsors, vendors and attendees for making the events so successful. As Putnam County is having its 210th anniversary of its founding next year, I believe that 2017 is going to be a very special year.

Section 3
Financial Procedures

Audits

The City must keep a record of all money it takes in and pays out. This activity is the responsibility of the City Clerk as designated by the council. Every year, the City must prepare and publish a financial report detailing all revenues and expenditures and must send a copy of that publication to the state auditor 180 after the close of the City’s fiscal year. An independent third party auditor, familiar with governmental accounting and a certified public accountant is to be selected to complete the audit. The City Administrator is charged with engaging the auditor and ensuring the auditor has the qualifications outlined to complete the audit in a professional and timely manner.

Budget

Original

Budgeting is one of the most important aspects of municipal finance. Budgeting is a process by which the amounts of personnel, materials, manpower and money to be used by a government or entity are determined and allocated among competing demands. The various areas of responsibility should submit their budget requests based on council policies. The City Administrator will assemble these requests and prepare the revenue estimates for Council review. During the budget preparation process there are two goals that should be honored. The first goal is the have a balanced budget. The amount of expenses budgeted should not be higher then the City’s planned income. The second goal is to have a reserve fund on hand to sufficiently address our needs in case of an emergency. One of the goals of the City is to maintain a reserve fund equivalent to approximately 10% of the planned budget to be on hand at all times. The Budget will be presented at the first Council meeting in June of the year prior to it coming into force. A public Hearing will be held on the forthcoming budget on the First Council Meeting in August of the year prior to it becoming effective. A public notice pursuant to OCGA 36-81 must be published two weeks prior to the public hearing and again one week prior to the public hearing. The public notice must contain, at the least, the source and application of funds, the date, place and time of the public hearing on the budget.

Amendment

The City budget for the current fiscal year may be amended for any of the following purposes:
• To permit the appropriation and expenditure of unexpended, unencumbered cash balances on hand at the end of the preceding fiscal year that had not been anticipated in the budget.
• To permit the appropriation and expenditure of amounts anticipated to be available from sources other than property taxation and which had not been anticipated in the budget.
• To permit transfers from the debt service fund, the capital improvements reserve fund, the emergency fund, or other funds established by state law, to any other City fund unless specifically prohibited by state law.
• To permit transfers between programs within the general fund.

A budget amendment must be prepared and adopted in the same manner as the original budget as provided in this manual and is subject to public notice pursuant to the provisions of Chapter 81 of Title 36 of the Official Code of Georgia Annotated. A City budget amendment shall be prepared by July 31 of the current fiscal year to allow time for a hearing to be held and a decision rendered before August 31 of the budget year.

A City budget amendment shall be prepared by July 31 of the current fiscal year to allow time for a decision to be rendered before August 31 of the budget year.

Appropriation

The adopted budget constitutes the appropriation for each program and specified purpose and becomes effective on the first day of the fiscal year. The City’s budget becomes effective September 1.

Control

A budget is a plan for resource allocation to control expenditures. There are many techniques used to achieve budgetary control, depending on the size of the City. Three minimum controls that may be used in every municipality, regardless of size, are:

• No expenditure is authorized until a review has been made to see if an adequate appropriation for this purpose remains unspent. No expenditure should be permitted unless authorized by the budget or budget amendment.

• The budget may be audited annually, either by the state or by a private accounting firm, or both, as state law provides and the council directs. Also, some type of performance auditing may be undertaken wherein a comparison is made of levels of services over the years of the various departments in light of the goals specified in the City financial plan. From this performance audit, practices within various departments can be reviewed and necessary alterations made in the level of funding of the department, as the audit indicates. Rather than outlining the procedures, a City may undertake a performance audit, with the assistance of any of the sources mentioned in the next section on references.

• The City Administrator may make emergency expenditures subject to the limitations set forth in the Eatonton Code of Ordinances.
